Leslie,

Are you familiar with this pending action? I don't initially see significant implications for our Part 192 rule, but I need to confer with Sue, who is out until Wednesday. For not, just wanted to check if WLO is in the loop on this action.

Brian

Alan and Brian, I'm not sure if you have seen this yet. The email below and attached paper provides more detail on the issue to be addressed in Region 8's Friday meeting with the Administrator on Powertech.

Tom/Ingrid: just to clarify, my senior management is asking for a reply from OAR even if you do not have any questions, etc. We want to ensure that OAR is on board with these proposed actions in the context of the Part 192 final rulemaking process.

In terms of timing, we may be issuing our proposed actions for public comment as early as 11/21/16.

Thanks for your time and prompt attention and we look forward to hearing back from you,

Sincerely,

Douglas Minter

Subject: FYI: EPA Region 8's Pending Draft UIC Permits and Proposed Aquifer Exemption for the Dewey Burdock Uranium ISR Site

Greetings Tom and Ingrid: we wanted to give you and your management the benefit of knowing where EPA Region 8 is on our proposed UIC uranium ISR-related actions by way of the following summary we recently sent through our RA to the Administrator in response to her request for an update:

Ex. 5 Deliberative Process (DP)

Please let us know if you have any questions, etc.

Sincerely,

Douglas K. Minter
